January 31st, 2022

To the attention of the OHI Arrhythmia Monitoring Center management team.

I am submitting you the attached resume to apply for future job openings as a holter scanner (CD2) and to provide you with an overview of my skills and experience.

I have been trained in Holter scanning (specialized in pediatrics and pacemaker patients), stress testing, resting ECGs and pacemakers, per CMA accreditation for the Cardiology Technology program. I consider myself to have strong organizational, communication and interpersonal skills that I have effectively developed in all the positions that I have held. I am hard working, dedicated and I work well independently or as a team. I am a detail-oriented person who enjoys challenges brought forth by all responsibilities entrusted upon me. I have good troubleshooting skills and pride myself on adapting to make my work better and more efficient. Such as when I was part of launching the Epic Charting System and optimizing it's use for the Cardiology Technology department.

I have had training in phlebotomy and have lots of experience working in hospitals with critical care patients and in paramedicine. I have performed, venopunctures, arterial punctures, IV Start, vital signs, oxygen and ventilation therapy, pulmonary function testing and performed advance cardiac life support, but only under a doctors license and preceptor supervision. I have also done placements as a respiratory therapist in the following departments; NICU, ER, General floors, polysomnography, blood gas lab, OR, and some ICU. Throughout my healthcare experience I have learned to provide professional, timely patient care services and multi-task to meet deadlines while prioritizing my work with minimum supervision. Being fully bilingual has truly been an asset, particularly in patient education.

I would be more than happy to come in for an interview at your earliest convenience.
Please don't hesitate to contact me at (613) 262-6323 if you require any further details.
Thank you for your time and consideration. I look forward to hearing from you.

Yours sincerely,

Patrick Laplante

Education

Everest College: 2010 – 2012

1200 St-Laurent Blvd, unit 19. Ottawa, ON, K1K 3B8, (613) 236-8282
Graduate of the Cardiology Technology program (CMA accredited).
I was also valedictorian of the graduating year.

La Cité Collégiale: 2003 – 2008

801 Aviation Parkway, (613) 742-2483
I was enrolled in the Primary Care Paramedic Program at La Cité Collégiale, but did not complete the last semester of coop. After doing more than 300 hours on the Ambulances, my goals as a health care provider had changed and I decided to switch to the Respiratory Therapy program La Cité Collégiale for three years.

Secondary Public School Louis-Riel

1655, Bearbrook Road
Gloucester, Ontario K1B 2N3
Phone: (613) 837-2216
Graduate 12th grade (D.E.S.O.) and OAC (Pre University)
